Executive Summary

Workfront is a work management solution that modernizes the ways teams and organizations plan, execute and deliver that work. With the use of Workfront over the next 3 years, your organization will realize a total return on investment of:

\$3,945,000 and 9,760 HOURS SAVED

To focus toward your strategic objectives

Automation savings

The way that we work is changing, and automating certain aspects of work should be a top priority for most organizations. In a recent Workfront survey, automating knowledge work is the C-Suite's top priority (20%)

\$202,000 and 1,760 HOURS

Email Savings:	\$XXX
Status Meeting Savings:	\$XXX
Updates and Building Reports Savings:	\$XXX
Approval Savings:	\$XXX
Hours Saved:	###

Reduced Cost to Manage a Job by 60%

Team Members Regained 30% of Their Time for Innovation

Tool consolidation

Consolidating tools can help you to reduce software costs, improve service delivery and simplify your management requirements. Workfront brings disconnected work into one system so you have more visibility into how and where your team focuses their time.

\$202,000 and 1,760 HOURS

Savings from employees entering data into multiple tools:	\$XXX

| - Savings in hours | ### |

Increased Project Capacity by More Than 50%

99% On Time Delivery Rate

Compliance Savings

Establish confidence in your compliance policies and contribute to your organization's bottom line by ensuring compliance with regulations and requirements. Increase approval accountability by establishing an automated audit trail that can be stored and accessed when needed. Safeguard your brand at scale, and make sure that you know when and how your brand is being represented to the marketplace.

Drug Advertisements That Must
Comply With FDA Regulations

And remember...the employee experience matters.

Three things are at the heart of every organization's talent objectives - attracting, developing, and retaining the best people. And “how” employees work matters. In Workfront’s global survey of 3,750 knowledge workers, 91% of respondents said workplaces with modern technology attract and retain the best talent. Learn more ([Here](#))
