# Executive Summary

Workfront is a work management solution that modernizes the ways teams and organizations plan, execute and deliver that work. With the use of Workfront over the next 3 years, your organization will realize a total return on investment of:

**€13 873 498 and 171 702 HOURS SAVED**

To focus toward your strategic objectives

# Automation savings

The way that we work is changing, and automating certain aspects of work should be a top priority for most organizations. In a recent Workfront survey, automating knowledge work is the C-Suite's top priority (20%)

**€14 061 762 and 142 038 HOURS**

Email Savings:	€12 686 058
Status Meeting Savings:	€178 200
Updates and Building Reports Savings:	€128 304

Annual Hours Spent on Compliance Process:	8 640
Audit Cost Reduction:	€1 283 040
Hours Saved:	12 960

Uses Workfront to Manage and Create Drug Advertisements That Must Comply With FDA Regulations

## And remember the employee experience matters.

Three things are at the heart of every organization's talent objectives - attracting, developing, and retaining the best people. And how employees work matters. In Workfront's global survey of 3,750 knowledge workers, 91% of respondents said workplaces with modern technology attract and retain the best talent. Learn more ([Here](#))
