

# Tax Returns ROI Calculator Full Results

Current Spend (\$)

\$26,400

Avalara Investment (\$)

\$20,160

Savings by switching to Avalara

24%

\$6,240

Here's the Math:

- *Your Current Annual Costs = Hours Spent Each Month on Filing Returns x Hourly Labor Costs x 12 Months*

How does Avalara pricing work?

- Avalara charges a flat rate based on the number of returns you file. The more you file, the more savings you receive!
