The table to the left shows your annual savings by category

	Year 1	Year 2	Total
Developer Productivity	\$54,000	\$81,000	\$135,000
Cost Avoidance	\$22,000	\$33,000	\$55,000
Revenue Enhancement	\$16,667	\$25,000	\$41,667
Total Benefits	\$92,667	\$139,000	\$231,667
Investment to Talend	(\$25,000)	(\$15,000)	(\$40,000)
Total	\$67,667	\$124,000	\$191,667

Customers report a 3X to 5X productivity gain using Talend Data Integration over hand-coding and Talend Open Studio. For big data integration, a 5X to 10X gain over hand-coding MapReduce/Spark is achieved. Talend speeds project delivery through:

- Graphical tools, wizards, and 900+ pre-built components
- Collaboration, management and continuous delivery tools
- Automatic code generation

\$135,000

Developer Productivity

Number of integration developers	3
Annual salary per developer (loaded)	\$120,000
Value of time saved annually for developers	\$72,000

Talend recognized as a Leader by Gartner in the 2020 "Magic Quadrant for Data Integration Tools"

Data-driven companies provide the right information to the right people and systems when they need it.  
Cost savings using Talend can be achieved through:

- Avoidance of errors due to poor data quality
- Decrease in customer or partner acquisition costs
- Elimination of other software, hardware or consulting costs

Cost Avoidance

IT costs (e.g. hardware, software) that can be eliminated	\$25,000
Cost of inaccurate decisions and/or resulting rework	\$10,000
Talend Savings From Data Quality Issues	\$8,000

"We met our goal of having 90 percent of data ready for analysis in 3 minutes. Planning cycles that previously took 10 to 15 days now take only 3 hours."

- Peter Wolstencroft, Finance Data Hub Platform Lead, AstraZeneca

Companies that integrate all their data make better and faster decisions. Revenue can be enhanced by:

- Improving customer experience to cross-sell / up-sell at time of purchase
- Eliminating stock outs and unfulfilled orders
- Implementing dynamic pricing
- Delivering information faster and getting paid quicker

\$41,667

## Revenue Enhancement

Additional revenue due to integration

\$25,000

"Data-driven companies have a 23 times greater likelihood of customer acquisition and a 19 times greater likelihood of profitability."

- *McKinsey Global Institute*
