CLAIMS PRODUCTIVITY

AdvancedMD allows you to stay connected to practice performance with transparent dashboards & claim tracking. Choose the software & services that fit the needs of your practice.

Our proprietary ClaimsCenter™ gives you auto-generated worklists, claims status tracking & centralized billing for multiple providers & locations. You can easily identify claim issues before submission with ClaimInspector™. It runs 3.5 million edits on each claim for CCI, HIPAA, LCD & carrier-specific requirements prior to submission. We guarantee a first-pass claim acceptance of 95%.

> ""We got [Rhythm] when we added AdvancedPatient because it is unified and automated with other AdvancedMD practice management features we already had in place. Everything on the [Rhythm] platform is unified and adaptable – meaning, we don't pay an arm and a leg for custom programming and configuration every time we add a provider or location. [Rhythm] makes it easy for patient and staff and is less expensive than managing our previous array of point solutions."
